Fiber-Classic Mahogany

A rich mahogany grain makes these doors a perfect compliment to any home.

Fiberglass Entry Door Systems

Nothing beats fiberglass doors for value and performance

Beautifully crafted, energy efficient, secure, and easy to maintain, Therma-Tru fiberglass entry doors are a durable alternative to wood or steel. [See how](#) Therma-Tru's AccuGrain™ Technology has given our Classic-Craft® line of entry doors an authentic wood grain look. And new this year is the Canvas Collection™, our first premium, smooth paintable door.

Design & Innovation

Since pioneering the fiberglass door industry in 1983, Therma-Tru has redefined the industry with high style, high-performance products. That tradition of innovation and superior engineering in design continues today. Learn how we continue to set the standard in door innovation and technology and about the many advantages that come with Therma-Tru entry and patio door systems

Tru-Defense® Door System

Your Best Defense Against Nature's Worst

The new standard for dependable performance in door systems. Tru-Defense Door System maximizes the seal between the door and the frame to keep out the damaging effects of wind and rain, and increases energy efficiency.

Fiberglass Entry Door Systems Smooth-Star

Get the look of fine painted wood and the strength of steel with a front door from the Smooth-Star® Entry Door Collection. It's an excellent value in a fiberglass entry door, made of rugged compression-molded fiberglass with deep detailed panels. This design creates beautiful shadows and contours on your door's surface.

This perfectly stylish yet rugged fiberglass front door resists the dent.....

Fiberglass Entry Door Systems Fiber-Classic Oak

Fiberglass front door — revolutionized an industry. Fiber-Classic® door changed the industry, and still sets the standard for fiberglass entry doors. It's the only fiberglass entry door that won't rot, splinter, or warp. Why? Therma-Tru's Fiber-Classic fiberglass entry door that's durable, stylish, economical and most preferred by builders and remodelers.

Fiberglass Entry Door Systems Classic-Craft Mahogany

The Classic-Craft® Mahogany Collection™ gives you elegant door styles with the look of rich mahogany made from environmentally friendly materials that hold up to weather and wear.

The Mahogany Collection™ is made with our patented [AccuGrain™ technology](#) to give the look of high-grade wood, with all of the durability of fiberglass. The exterior doors in this collection have the look and feel of a real wood front door — with solid wood square edges, architecturally correct stiles, rails and panels. Unlike genuine wood doors, they resist splitting, cracking and rotting.
